She's The Vibe

PRACTICAL. PRETTY. YOU.

Before Your Appointment

Everything you need to know before your permanent jewelry appointment — how it works, what to send me, and what I need from you. Keep this packet; it's your whole roadmap.

How It Works — Two Lanes

Lane One · The Standards

Pick from my ready-to-order chain menu — Paperclip, Figaro, Curb, Rolo, Cable, Heart Link, Valentino, or Long & Short Link — in gold-filled, sterling silver, or rose gold. Standard lengths, and yes, you can order multiples (matching bestie bracelets are kind of our thing).

Lane Two · Custom Elite

Want something made just for you? Full sets, hand chains (a chain ring connected to your bracelet), tennis-bracelet styles, enamel color chains, by-the-inch waist and ear chains — send me your inspiration picture and I'll source your exact chain. Real diamonds and solid gold are special-order custom only.

Either way: you book, I order your chain, and when it arrives we set your appointment — and I come to you.

What To Send Me

- **Your inspo pic** (Custom Elite, or if you're torn between Standards) — a screenshot is perfect. Attach it when you book, or email it to **christina@shesthevibe.co**.
- **Your booking request + deposit** — start here: **shesthevibe.co/permanent-jewelry-book.html**
- **Your signed release** — the Permanent Jewelry Release & Waiver (sent with this packet) comes back to me before appointment day, so there's zero paperwork energy at your appointment.

Deposits — How Your Piece Gets Ordered

- **Standards: $25 deposit. Custom Elite: $75 deposit.** Both are credited toward your total — they're not extra fees.
- Your deposit is what lets me buy your chain and materials, so it goes in first. For custom pieces, once your materials are ordered the deposit is non-refundable (they were bought just for you).

- Your final quote is confirmed before your appointment. No surprises, ever.

What I Need From You (Setup)

- **A small area to work** — a table corner and a chair's worth of space is plenty.
- **A power outlet** I can plug my welding machine into. No outlet where we'll be? No problem — I can run it from my car. Just let me know when you book.
- That's genuinely it. I'm happy to work wherever and however, as long as we've got those two.

Travel Zones

- **Within 30 miles of Silverado** (which covers most of Orange County): travel is included.
- **Beyond 30 miles:** a travel fee applies, starting at $20 and scaling with distance — always confirmed with you before your appointment.
- Rather come to me? Pop-up studio appointments at a public location can be arranged — just ask.

Appointment Day

- The fitting and weld itself takes only a few minutes once your chain is ready — most of the fun is choosing your fit and your charms. Most appointments run well under 2–3 hours, and full sets and small parties fit comfortably in one visit.
- **Kids:** kids' pieces are available with a parent present — your child just needs to be able to sit still for the quick weld.
- Bring a friend and make it a vibe. Seriously.

Pricing Recap

Piece	Gold-Filled	Sterling Silver

- **Rose gold** is priced at the gold-filled rate.
- **Enamel color chains:** bracelet $60 · anklet $70 · necklace $85.

- **By the inch: $9 per inch** for waist chains, ear chains, and custom-length pieces — measured and confirmed at your fitting (a 28″ waist chain is $252, so you can do your math ahead of time).

If Something Breaks

Save your chain! If your weld pops within 60 days, your re-weld is free. After that, re-welds are $15. Your aftercare sheet (you'll get one at your appointment) covers the whole how-to.
